

Vox "Pop"uli Quiz Simple 1 question post high school IQ test for everyone to pass on to every neighbor and take.

Question: ***How ignorant have average middle-class Americans been since 1776?***

Well, ask yourself and answer this question: **How far can under 1% of the world's population push the rest of us?**

Hints: How far have they gotten so far??? Let's start with - of course - The Federal Reserve, WW I, WW II, Cold War, al-CIA-da, 9/11...and --- running every aspect of our money...world finance and controlling all the monetary values and supplies of the world - stock markets, booms and busts, the national implementation of a socialist school system designed to deliberately dumb down generations and impair their critical thinking capability, putting toxic fluoride in the water and pesticides in the foods, toxic mercury in dental fillings and vaccines, prohibitions and wars on the people, notably the endless war on drugs - millions of lives imprisoned/ruined - creation of black markets/gangs - at an incredible cost to the taxpayer, police states in every community, horrendously massive CIA, FBI, and White House corruption, "Patriot" Acts torching the constitution, monopolies over the mass media, etc... increased "security" or just more *control*? Soon a staged deadly [h1n1]-flu pandemic crisis. And, how long have they fooled people into thinking they, the *illuminati* world banking family dynasties, such as the House of Rothschild, don't exist? LOL I mean - they've been pushing us and pushing us for the past century. Now the world's political landscape and economy is being morphed in global WAR - World War III. **DOH!**

Does this help answer the question about how ignorant the average American has been since the original People's Revolution against the British oligarchy of 1776?

Circle the right answer below:

- A) Pretty savvy, sharp as a whistle, nothing to be concerned about.
- B) Pretty dumbed down and acting damn pathetically stupid, needing to wise up and rise up - quick!
- C) I'm pretty sure the correct answer is B, although I blissfully wish it was A.

"The UN is but a long-range, international banking apparatus clearly set up for financial and economic profit by a small group of powerful One-World revolutionaries, hungry for profit and power." Curtis Dall, FDR's son-in-law quoted in My Exploited Father-in-Law

"Naturally the common people don't want war: Neither in Russia, nor in England, nor for that matter in Germany. That is understood. But, after all, IT IS THE LEADERS of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is TELL THEM THEY ARE BEING ATTACKED, and denounce the peacemakers for lack of patriotism and exposing the country to danger. IT WORKS THE SAME IN ANY COUNTRY." Hermann Goering, President of the Reichstag, Nazi Party, and Luftwaffe Commander in Chief

"We must speak the truth about terror. Let us never tolerate outrageous conspiracy theories concerning the attacks of September the 11th, malicious lies that attempt to shift the blame away from the terrorists themselves, away from the guilty." George W Bush speaking at the UN General Assembly Nov 10 2001 - Is that why the FBI is still trying to actively protect the "Privacy Rights" of Osama Bin Laden and his business relationships with the Bush family nearly 4 years after the so-called "terror attacks"?

"The few who understand the system, will either be so interested in its profits, or so dependent on its favors that there will be no opposition from that class, while on the other hand, the great body of people, mentally incapable of comprehending the tremendous advantages...will bear its burden without complaint, and perhaps without suspecting that the system is inimical [injurious/bloody/deadly] to their best interests." - Rothschild of London communiqué to associates in New York June 25, 1863

"Take this great power away from the bankers and all great fortunes like mine will disappear, and they ought to disappear, for this would be a better and happier world to live in. But if you want to continue as the slaves of bankers and pay the cost of your slavery, let them continue to create money [out of thin air!] and to control credit." - Sir Joseph Stamp, Old English Banker, 18th century critique of the plans for a New World Order, Novus Ordo Seclorum - A World Without God.

"My People are destroyed by lack of knowledge." Hosea 4:6

Dear American and Arabian people, I hope you get this message. You are not each other's enemies. Your common enemy is the hidden wealthy ruling elite starting with the Rothschild dynasty that have control over the corporate mass media, fund acts of terror, and like to cause wars between civilizations so the other rich people in the world can profit from the wars through arms sales and cutting backroom deals. There is more evidence than can fit on this one page. Both sides must unite together! By recognizing now who our common enemy is, we can find lasting peace, and together recognize our shared origin/Creator.

- Napoleon Bonaparte I

"We can have a democratic society or we can have the concentration of great wealth in the hands of a few. We cannot have both."

- Louis Brandeis, Supreme Court Justice from 1916 - 1939

I'll never look at the news
 Listening to the lying few
 Like some animal in a pen
 Under the rule of a few men.
 Many will be deceived,
 In what they perceive,
 Not noticing the lies
 Announced by those with ties
 To the global banking elite;
 I illustrative of Satan's seat.

"If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation the banks and the corporations which grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers conquered." - Thomas Jefferson, Founding President of the United States

"We now live in a state of permanent war - a global arms industry, apparently the largest single international business, must have its products used up so more can be sold. There must be profits for the capitalists and jobs for the proles... Are we not still in Caligula's Rome?" - David Watson, New Internationalist magazine, May 2000, p35

"War is caused by elites acting in what they take to be their own interests, institutional violence promulgated by ruling groups for personal gain." - The Nation magazine, May 15, 2000, p20
