

Revelation 9:11 - (The Trail of the "Actual" Terrorists of the World) An Introduction to *Occult Freemasonic numerology* and the anniversaries of their intrigue, control, deceit, and terrorism throughout world 'history'.

By Eric Rainbolt

Did you know that September "11th", 2001 was the **60th Anniversary** of the Pentagon, the **30th Anniversary** of what Time Magazine reported on its cover page as the "Shake-up at the Kremlin" over the death of Nikita Krushchev on **September 11th, 1971**, and the **11th Anniversary** of a speech George Bush, the Former CIA director, Vice President for 8 years, and President for 4 years stated on **September 11th, 1990** entitled "Toward a New World [Order]"?

Where were you? What were you doing? How did you react on that day? Is there a possibility that 9-11 was not organized by fanatical Muslims?

In this essay I hope to prove that The "Hidden Hand" London Bankers celebrate anniversaries of their intrigue throughout history. I will explain how the timeline of the coming New World Order has been and is being *architected* through the use of a highly regarded and occultic (secretive) numbering system. The rest of the proof is contained in my FREE ebook (adobe pdf) that can be downloaded here entitled [Revelation 9:11](#)

Possibly you didn't know that the **19th Anniversary** of Mikhail Gorbachev's inauguration as the Soviet Premier was **March 11th, 2004**. That was the day 191 innocent Spanish people were killed by bombs. Surprisingly, at first notice, this was also exactly **911** days after 9/11/01.

The Space Shuttle *Discovery* now in orbit reminds us of the previous shuttle mission, which resulted in the destruction of STS 107 over the 33rd parallel (Dallas Texas was directly under the man-made comet) that took the lives of 7 astronauts, 1 from each of the 7 continents.

High ranking freemason Vice President Dick Cheney took the day off that day, and visited Dallas to watch the comet streak first hand. The mass media never reported this was the day of the **11th Anniversary** of another traitorous "New World Coming" speech George Bush I delivered to the UN stating "It is the sacred principles enshrined in the United Nations charter to which the American people will henceforth pledge their allegiance", 11 years previous on February 1st, 1992.

The London banking Illuminati's UN puppet government 'leaders' were delighted to hear that America would eventually be militarily overthrown and forced to accept a communistic elite-owned world government they refer to as a New World Order, when the Zoo officially becomes a Prison.

What better way for the conspirators to celebrate the sacred freemasonic number of "11" than sacrifice the Columbia with 7 astronauts, 1 from each continent, on the "**11th**" **Anniversary** of that speech?

George Orwell stated "Who controls the past, controls the present; who controls the present, controls the future." - quoted from his book *1984* (a book describing a time when a dictatorship/corporate government would take over the planet.)

Are we there today in 2005? YES. Has the world been under the Conspiracy of London Bankers for hundreds of years? YES. Do they own and control the televised and print mass media and constantly manipulate your perceptions? YES.

See this [David Icke forum thread](#) for dozens more shocking anniversary examples in graphic format. (Did the London Bankers recently use the Big Ben Clock to send an secretive terror event timing signal?) ([conspiracy anniversary graphic #1](#)) ([conspiracy anniversary graphic #2](#))

As the events scroll by in time slowly, over decades, naturally we tend to be myopic (or short sighted) simply witnessing and reacting to certain events at any given time. However, when you examine history in terms of the occult (or hidden) numerology they have used in assigning the **dates and times** of the world's largest political and transitional events over the past 100 years, you will begin to look at the All-Seeing-Eye, or the floating capstone of the financial pyramid symbol on the back of the Federal Reserve Note, in a new light.

So who is this Lucifer, or "Great Architect" the conspirators are trying to please in architecting "history"? Look right now on a dollar bill and I will translate the the Latin on the symbol into English "Annuet Coeptis Novus Ordo Seclorum" translates to "Announcing the Realization of the New World Order". The bankers own us (and our pets) without our knowing about it. Imagine that!

What can you do? March to Washington DC? London? No, they control the militaries of the world who control the nuclear weapons. They are training the now federalized police to view all of you as potential terrorists. The military has new [crowd control weaponry](#) that uses microwave energy to singe your skin in less than 1 second before intense pain is felt - and much more.

Has the understanding of their numerology predicted or even prevented a future event? YES. There have been three major instances of this:

1) Sears Tower prediction made in March 2004. The end result was police discovered and thwarted the plot to destroy the 110-story Sears Tower with explosives. Examine each of these links closely: [1.](#) (The March 2004 prediction) [2.](#) A shipment of BOMBS were found by British police being shipped to the Sears Tower right before April 19th, 2004.

2) Eric Rainbolt's prediction of the CDC announcement on 22/02/2005 of a coming global pandemic of deadly flu made in December of 2004. (see [calendar of Illuminati events](#) graphic.)

3) Michael Haupt's, of ThreeWorldWars.com, [July 22nd, 2005 prediction](#) that came true. Surely the next large event, perhaps in America again, will be in line with *freemasonic numerology*.

The architects of our "history" proudly and covertly apply [freemasonic](#) numerology in: '**news**' headlines (especially the number of dead/injured reported in each event), **congressional legislation** (ie. HR 666, 418), and **spacings between global events** of 'history'.

The 132 page Revelation 9:11 [ebook](#) (adobe pdf) explains the reverse engineered freemasonic numerical code:

(3,7,"11",13,19,39,93,111 - and multiples of each such as "666")

in historical context from 1900-2005.

Some other examples: Flight 11, 77 (7x11), 93, 175 (sums to "13"), "19" hijackers. Madrid bombings on 3-11-2004 (3x"11"="33" - highest degree number of Freemasonry), London Bombings 7-7 (7x11)

The next inside job "false flag" attacks in America and around the world will carry this numerical signature!
The ebook can be downloaded from Alex Jones' [infowars.com](#) as well. Printed copies can be acquired from my online bookstore, the print-on-demand publisher [lulu.com](#) ([keyword search "Rainbolt"](#))

United States Warns Foreign Governments of 'Impending' Internal Crises While Massive American Troop Movements Continue

By: Sorcha Faal, and as reported to her Russian Subscribers

Russian Intelligence Analysts are reporting today that the Military Leaders of the United States have communicated to many of the worlds leaders that a 'crises' is about to occur in their country and further warning that any 'outside' interference into the internal affairs of the United States will be met with 'swift and sure' action.

This unprecedented warning comes at a time when multiple threats are confronting not only the United States, but also the entire world, and which include; 1.) An impending flu pandemic estimated to kill upwards of 1 billion people; 2.) An acceleration of Global Weather Changes destroying up to 20% of this years crops in many Western Nations; 3.) The skyrocketing costs of oil threatening the stability of the Worlds Financial Markets; 4.) The impending crackdown on American citizens and imposition of Martial Law; and 5.) Growing instability in the very core of the Earth itself giving rise to fears of mass earthquakes and volcanic activity on a scale not seen in modern times.

Prior to the terrorist attacks in London on July 7th, the British Government announced that their computer systems had come under attack almost one month prior on June 17th, and as we can read as reported by the Headlines News Service in their article titled "[British Authorities Warn Of Sweeping Trojan Horse Attack](#)" and which says, "[A British government agency warns Thursday that hackers are targeting computers within the central government, corporations, and individuals, with trojan horses designed to gather and distribute commercially valuable information.](#)"

Today Western News sources are reporting that a similar attack against the computer systems of the United States Government is now occurring, and as we can read as reported by the Washington Post News Service in their article titled "[Hackers launch attacks on U.S. sites from China; Defense Department system breached](#)" and which says, "[Internet sites in China are being used heavily to target computer networks in the Defense Department and other U.S. agencies, successfully breaching hundreds of unclassified networks, say several U.S. officials. Whether the attacks constitute a coordinated Chinese government campaign to penetrate U.S. networks and spy on government databanks has divided U.S. analysts. Some in the Pentagon are said to be convinced of official Chinese involvement; others see the probing as the work of other hackers simply using Chinese networks to disguise the origins of the attacks.](#)"

Russian Intelligence Analysts are further reporting that these attacks, both against the British and Americans, were designed to coincide with major terrorist related training exercises for the purpose of disrupting 'Command and Control Centers', and which the American exercise, named 'Orbit Comet', had just concluded, and as we can read as reported by the US Army News Service in their article titled "[Army, FBI lead 'Orbit Comet' anti-terrorism test](#)" and which says, "[More than 21 local, state, federal and military agencies last week took part in "Orbit Comet," the largest full-scale anti-terrorism exercise ever in North Carolina.](#)"

Of the greater significance to these exercises however, as these reports state, has been the complete 'melding' of American policing authorities into the Military Structure of the US Armed Forces under the command of the United States NORTHCOM Military Division comprised of mostly foreign soldiers, and as we had previously reported on in our August 22nd report titled "[United States Positions Tens of](#)

[Thousands of Foreign Troops Throughout America, Cancels All Military Leaves and Ousts Another Top General](#)" and wherein we had stated;

“According to these reports the internal rebellion of not only these two Generals, but ‘many more’, were based upon the massive recruitment of foreign mercenaries into the US Armed Forces and the stationing of them at ‘strategic points’ throughout the United States and training them almost exclusively for ‘riot and crowd control’ purposes. To date these foreign mercenary soldiers stationed throughout America number in the tens of thousands, and as we can read as reported American Strategy World News Service in their article titled "[U.S. Army Encounters Strange Recruiting Patterns](#)" and which says;

["And then there are the foreigners. About 35,000 non-citizens are currently serving on active duty in the U.S. Armed Forces, while another 12,000 serve in the Reserve Components. The navy has the largest proportion of non-citizens on active duty, almost 16,000, nearly half the total. The Marine Corps has about 6,500, the Army about 5,000, and the Air force about 3,000."](#)

The ‘umbrella’ US Military organization to which these foreign mercenary soldiers have been assigned is the newly established NORTHCOM which has been established to ‘protect’ the Continental United States and has led to much fear among its citizens, and as we can read as reported by the Online Journal News Service in their article titled "[How about that Pentagon plan for martial law?](#)" and which says;

["Of course, few are putting it that way. But in an August 8, 2005, Washington Post article, its author Bradley Graham headlined it this way: "War Plans Drafted To Counter Terror Attacks in U.S.—Domestic Effort is Big Shift for Military." What a flair for understatement. Dated from Colorado Springs, the Evangelical Christian, Northern Command headquarters, Graham writes, "The U.S. Military has devised its first-ever war plans for guarding against and responding to terrorist attacks in the United States, envisioning 15 potential crisis scenarios and anticipating several simultaneous strikes around the country, according to officers who drafted the plans." Well thanks, fellas, for the effort, but it's been nearly four years since 9/11.](#)

[Nevertheless, "the classified plans . . . outline a variety of possible roles for quick-reaction forces estimated at as many as 3,000 ground troops per attack, a number that could easily grow depending on the extent of the damage and the abilities of civilian response teams." Huh? When, where, who? And "the possible scenarios range from 'low end,' relatively modest crowd-control missions to 'high-end,' full-scale \[and/or multiple\] disaster management after catastrophic attacks such as the release of a deadly biological agent or the explosion of a radiological device, several officers said." Translated into everyday English, if there's a real or, dare I say, "false flag" op/disaster in the A \(atomic\), B \(biological\) or C \(chemical\) areas, a la 9/11, or like the Maryland-based, government "anthrax" attack, we could be in a national state of martial law, up to our ears."](#)

Russian Social Scientists have long reported that these American peoples will themselves be the ones to call for Martial Law from their Military Leaders, and much like the German citizens clamored for the protections of their Military Leader Hitler and the Nazi's. As Germany had done in the 1930's by encircling their peoples with massive armies and internal secret police forces under the guise of ‘protecting’ the Germans from ‘unwashed foreigners’, today the world can see the American peoples clamoring for a likewise crackdown by their Military Forces, and as we can read as reported by the British Telegraph News Service in their article titled "[Bush gives in to pressure over illegal migrants](#)” and which says;

["The Bush administration has signaled a big policy reversal on illegal immigration, telling a worried public that it is "rightly distressed" about the nation's porous borders. The homeland security secretary, Michael Chertoff, made what amounted to a U-turn on immigration policy after months of rising pressure from congressmen and law enforcement officials. Mr. Chertoff appeared to bow in the direction of public opinion, which is increasingly restive over the unrestricted flood of people into the US. "The American](#)

[public is rightly distressed about a situation in which they feel we do not have the proper control over our borders," he said. Announcing a series of measures, Mr. Chertoff said he would build camps for illegal migrants, speed up deportations by providing more judges and lawyers and raise the number of officers tracking down fugitives ignoring expulsion orders."](#)

How utterly chilling it should be to all of these American peoples when they hear the words of their Homeland Security Military Leader saying, "[Announcing a series of measures, Mr. Chertoff said he would build camps for illegal migrants...](#)", and not even realizing within themselves the Nazi's too started out their 'camps' for lawful means, and as we can read;

["Dachau , one of the first Nazi concentration camps, opened in March 1933, and at first interned only known political opponents of the Nazis: Communists, Social Democrats, and others who had been condemned in a court of law. Gradually, a more diverse group was imprisoned, including Jews, Jehovah's Witnesses, Gypsies , dissenting clergy, homosexuals, as well as others who were denounced for making critical remarks about the Nazis."](#)

But what the American Military Leaders know, but the American peoples themselves have forgotten, are the words of the Hitler himself, and who had said, "[What luck for rulers that men do not think.](#)" For if these American people 'thought' about these issues they would wonder why any 'camps' would be needed if only they secured their Southern Border regions to begin with. But when the barn door is left open and the animals run away, only then can the lazy farmer cry for more help, as the old saying goes. Or put in more modern terms; create the problems you need for the solutions you desire.

And much like the Jewish peoples, the Gypsy peoples, and many others in the early days of Nazi Germany, these present day American people do not even begin to see the gathering storm of Martial Law, Military Government and Totalitarian rule soon to overtake them. Therefore they do not listen, indeed cannot listen, to the many warnings being shouted at them, from not only from those few who see these truths among their own citizens, but also from the many from outside looking in, and who not only know history but see it being repeated.

So powerful has the propaganda organs within American become that from their largest news sources, to even the smallest of them, all are being systematically controlled as to control dissent, pacify them against aggression against the State and destroy by all means those who do not bow down to their rule. Even to our reports we have been told have been subjected to banning, as if the truth can ever be banned as it can only be concealed. But, and again like Germany under the Nazi's, these once free people who had long championed the rights of all, now more closely resemble their German counterparts and have forgotten completely the date of May 10, 1933, of which history has recorded;

["An event unseen since the Middle Ages occurs as German students from universities formerly regarded as among the finest in the world, gather in Berlin and other German cities to burn books with "unGerman" ideas. Books by Freud, Einstein, Thomas Mann, Jack London, H.G. Wells and many others go up in flames as they give the Nazi salute."](#)

As the Nazi Regime also proved, 'put a 'label' on a human being and the masses will not care what happens to them', has been used to great effect by the American Military Leaders too in that even today their 'test case' to deny all of their citizens their rights continues, and as this one American's fate goes, so will go all of their fates, and as we can read as reported by the CATO Institute News Service in their article titled "[Jose Padilla: No Charges and No Trial, Just Jail](#)" and which says;

["Jose Padilla is the U.S. citizen who supposedly plotted to detonate a "dirty bomb." Since his capture -- not on the battlefields of Afghanistan or Iraq, but at Chicago's O'Hare Airport -- he has not been charged](#)

with any crime. Yet, for more than a year, Padilla has been held incommunicado in a South Carolina military brig. Padilla's indefinite detention, without access to an attorney, has civil libertarians up in arms. That's why the Cato Institute, joined by five ideologically diverse public policy organizations -- the Center for National Security Studies, the Constitution Project, the Lawyers Committee for Human Rights, People for the American Way, and the Rutherford Institute -- filed a friend-of-the-court brief in Padilla v. Rumsfeld, now pending before the U.S. Court of Appeals for the Second Circuit in New York.

Consider this specious logic, endorsed by the Bush administration: Under the Sixth Amendment, the right to counsel does not apply until charges are filed. The government has not charged Padilla. Ordinarily, U.S. citizens cannot be detained without charge. But the administration has avoided that technicality by designating Padilla as an "enemy combatant," then proclaiming that the court may not second-guess his designation. Essentially, on orders of the executive branch, anyone could wind up imprisoned by the military with no way to assert his innocence."

Today in America the new camps are being built. Today in America their Military Leaders keep imprisoned an American Citizen with no charges. Today in America protests against their regime are brutally suppressed. Today in America their Military Forces patrol with tens of thousands of foreign troops. Today in American their once giant industrial powerhouses of General Motors and Ford have their bonds reduced to 'junk status'. Today in America they remain the worlds largest jailer. Today in American they lead the world in mental illness. Today in America their combined government and personal debt exceed that of the entire world.

Today is indeed a tragic day in America, but in all of our tomorrows it will be a tragic day for the entire world.

Please do the right thing and pass this information to others all over although it appears already "too late". Truth is everyone's responsibility. The governments, press, and international bankers are the enemies.
